Recently connected with ERCA/Samantha who is partnering with an experienced tax attorney to file ERC claims. These claims require legislation, so it's not a service I provide. Any proceeds are shared with **THE LEAGUE OF ENTREPRENERIAL HERO'S INTERNATIONAL** to help startup and support the businesses and efforts led by this organization and its Global Partner Hero's in the Hood Enterprises International, an organization helping our less fortunate kids living in impoverished areas of the world started and Headquartered in Detroit, Michigan, USA.

The ERC (Employee Retention Credit) is a \$800 billion dollar program that yields business owners a payroll and employee healthcare tax refund. It does not need to be paid back. You stand to receive up to \$26k per employee.

January 2021 modifications were buried in the headlines at the time loosening The ERC Federal COVID Relief program as follows:

1. Any COVID interruption counts (supply chain limitations, inability to work with vendors, shifting hours, loss of staff, increasing sanitation etc.), rather than a decrease in revenue.
2. The number of employees on payroll can be 5-500, during Q2, Q3, Q4 of 2020 and Q1, Q2, Q3 of 2021.
3. Companies who participated in the PPP loan program may also receive ERC.

The law does not define an interruption and therefore with proper representation, 94% of businesses are qualified. (Ex. 10 employees: up to \$260,000). There is already 400 billion accounted for by applicants and only \$700 billion left. Funds are limited and the IRS is backlogged, so it's important to act quickly.

We have decided to partner with Tax Attorney Theodore Forman out of Delray Beach, Florida. Ted has represented clients nationally for over 2 decades. He started his career as a CPA for Price Waterhouse and then worked in the Justice Department as a prosecutor for the IRS.

His experience in dealing with the IRS and his relationships in Washington have given him valuable insight on how to properly prepare these applications to move along quickly while giving you the best chance at being approved, getting the most per application, and reducing difficulties. Ted has also agreed to represent your business for the duration of the 5 year IRS lookback period. He has a 99% success rate at getting ERC claims approved.

There is no cost to file, a fee is only issued if/when funds are recovered.

If you are interested in speaking with Samantha (774-521-7092) or her partner Brad (310-488-9814) on this matter, please call for a free evaluation. You may also speak with the attorney by request. If you'd like to learn more, request a callback, or request an application you may provide your contact information at <https://www.ercattorneys.com/michaelreph/>

Thank you for your time and we look forward to helping your business,
